## Personal Summary

I am a hardworking lady, who is passionate with what I do and am tasked with. I strive to be the best and have the best, even if competition is fierce. My academic training has also developed my teamwork with other colleagues and I am confident I can carry out task either on my own or with a team.

I am really interested about science and technology and how it can be employed to solve problems ranging from industrial to even to simple day to day life, hence the reason of my course of study. I believe that with enough experience and guidance, I will be able to innovate and give back my environment.

## Education

### **OBAFEMI AWOLOWO UNIVERSITY**

Bachelor of Science in Chemical Engineering.

Cumulative GPA of 4.04

Member of the Society of Petroleum Engineer (SPE) and IEEE.

### **Alpha and Omega College**

Senior Secondary School, Class of 2017.

Had the best WAEC result within the school.

Female head prefect.

## Work Experience

### **Engineer Intern (2023)**

Process study, analysis of water and beer samples

Worked on the overhaul of compressor with company engineers and technicians.

Participated in safety meetings, reporting of Safety Incident Observations (SIO's) and Environmental Incident Observations (EIO's).

Voyager Plant Optimization.

### **Research Assistant (2024 March - Present)**

Conducted a study on green house gases and techniques involved in its measurement.

Research on equipment used in the measurement of GHG's.

Assisted in the construction of laboratory biodigester, and was involved in calculation of process flow parameters used for estimation of yield.

## Personal Skills

Research and Technical Report Writing

Proficient in the use of MS word for creation of process flow charts

Excel: Data handling, cleaning and manipulation, charts, functions and formulas

Basic Knowledge of Mathlab and Pyton, simulations and Arduino language.
